

THE WHITELEY

INFORMATION NOTICE 133

Dear Neighbour,

Re: Crane Bracing - Saturday 5th June 2021.

Please be informed that we have received permission from Westminster City Council for extended weekend working on Saturday 5th June between 08.00-18.00hrs, in order to undertake welding operations to Tower Crane 1.

We shall be installing a brace to the crane at the basement level, an operation that is undertaken to allow us to proceed further with our excavations. This is a two-stage process and further bracing to the crane will be undertaken at a later date. All the direct works will occur below ground at basement level one and the mezzanine floor. Power to the crane will need to be isolated, meaning that this operation must be undertaken when the crane is not in use and an adequate exclusion zone can be safely created.

In terms of noise, the procedure does not include any noisy works and the workforce will be concentrated in the basement area. All staff will be reminded to be mindful of our neighbours, especially if moving around the site.

If you have any questions regarding this information, please contact Ashley Wright, community liaison advisor – 07385 402432. If you have any other questions, please email whiteleyscommunity@laingorourke.com. Your query will be responded to within 48 hours.

Kind regards,

The Laing O'Rourke Team
