

THE WHITELEY

INFORMATION NOTICE 149

Dear Neighbour,

Re: Crash Deck Installation & Basement Propping - Saturday 31st July.

Please be informed that we have received permission from Westminster City Council for extended working hours this Saturday 13.00-17.00hrs, to enable further installation of the crash deck along Queensway and to install props at basement level 2. Because both operations are being undertaken in very different locations across site, we have been able to implement appropriate safety zones and combine the two operations - reducing the need for further weekend working.

In terms of sound, the crash deck installation will be undertaken using a hand rather than mechanical ratchet approach and involves joining metal tubes and wooden planks. The basement propping operation will involve the use of an excavator to lift and move the props and small hand equipment to tighten and trim bolts. All propping work will be undertaken below ground and will be covered by the structure above.

Should you have any questions regarding this information, please contact Ashley Wright, community liaison advisor – 07385 402432. If you have any other questions, please email whiteleyscommunity@laingorourke.com. Your query will be responded to within 48 hours.

Kind regards,

The Laing O'Rourke Team
