

THE WHITELEY

INFORMATION NOTICE 176

Dear Neighbour,

Re: Basement 3 - Foundation & Pile Cap Pour, Wednesday 6th October.

On Wednesday 6th October, we will start the second phase of the foundation pour at Basement Level 3. As advised in our Information Notice 154 (20th August), when concrete areas are poured it is imperative that the process is completed in one session, otherwise the integrity of the final structure could be compromised. Due to the thickness of the foundations and associated volume of concrete required, Westminster City Council have agreed to extend the working hours on those days to 07.00-20.00hrs.

Wednesday's operation will require the use of three pumps, however outside normal working hours the operation will be limited to:

- Pump 1 - located at basement level 1 (between 7am-8am and 6pm-8pm)
- Pump 2 - located at ground level in the north east corner of site (between 7am – 8am)

Each pumping machine located at ground level will be wrapped in acoustic blankets and to mitigate any inconvenience, we will cease the pumps, as soon as is practically possible.
