

THE WHITELEY INFORMATION NOTICE 209

Dear Neighbour,

Re: Basement 3 - Foundation & Pile Cap Pour Monday 29th November.

We have another foundation pour planned next week on Monday 29th November. As previously advised, when concrete areas are poured it is imperative that the process is completed in one session, otherwise the integrity of the final structure could be compromised. Due to the thickness of the foundations and associated volume of concrete required, Westminster City Council have agreed to extend the working hours on these days to 07.00-20.00hrs.

This pour will require the use of three pumps, however outside normal working hours the process will be limited to:

- Pump 1 - located at basement level 1 (between 7am-8am and 6pm-8pm)
- Pump 2 - located at ground level in the north east corner of site (between 7am-8pm)

Each pumping machine located at ground level will be wrapped in acoustic blankets and to mitigate any inconvenience, we will cease the use of the pumps, as soon as is practically possible.
