Dear Neighbour,

Re: UKPN works, Saturday 1st February 2020

Please be informed that UKPN will be on site morning of Saturday 1st February to carry out independent electrical works. Operatives may arrive from 7am, with work commencing at 8am.

They will be disconnecting a temporary network substation which will involve cable-jointing of electrical cables in a pre-existing excavation near to the substation along Redan Place West and Porchester Gardens, see map for location.

Please be assured that site operatives will be briefed to keep noise to a minimum throughout the works.

Other activities on site tomorrow include laying concrete for a new wheel-wash area that has been incorporated into our design to prevent mud being carried off site on to public roadways.
