

WHITELEYS DEVELOPMENT

INFORMATION NOTICE 45

Dear Neighbour,

Re: Coronavirus (COVID-19) update

We are closely monitoring government actions and advice on Coronavirus. With the situation evolving rapidly however, we are reviewing our approach daily to take appropriate measures in line with government advice.

Currently, we are continuing with certain site work: piling, general operative work and logistics activities. We are operating with a limited number of operatives on site and a skeleton team of less than 10 office staff located across two separate buildings.

With the majority of the project team now working from home, all face-to-face meetings – internal and external – have been cancelled and will be conducted via phone call or video call where possible.

In terms of community and neighbourhood communication, we will continue with regular updates on our Coronavirus status and general project information.

As a precaution to stop the potential spread of the virus however, hand-deliveries will now cease. If you know of anyone who would like to receive these updates via email, please email Luke Tatton at Concilio Communications: ltatton@conciliocomms.com to add them to the mailing list. This notice will also be displayed on our community noticeboards for passers-by.

If you have any questions regarding this information, please contact Mary-Anne, site community manager – 07818 528837.

If you have any other questions, please email whiteleyscommunity@laingorourke.com. Your query will be responded to within 48 hours.

We will keep you informed of any further developments, thank you for your co-operation.

Kind regards,
The Expanded team
