## INFORMATION NOTICE 72

---

Dear Neighbour,

**Re: Sewer connection Redan Place**

Please be informed, we are carrying out sewer connection works to the north-west of site (Redan Place) 12<sup>th</sup>-23<sup>rd</sup> October.

The works involve digging up the road to allow access underground 12<sup>th</sup>-13<sup>th</sup> October. Phase one of the operation will take place on the east side of Redan Place (along hoarding of site), while phase two will take place on the west side. Please see enclosed plans for more detail.

We have an approved traffic management plan in place under which, only half the road will be dug up at a time, ensuring access remains beyond the excavation to Redan Place (west). There will, however, be 5 parking suspensions along Redan Place for the duration of this operation.

In terms of noise management, the noisiest days will be the first two days of each phase (12<sup>th</sup>-13<sup>th</sup> October for phase one, date to be confirmed for phase 2). Works will involve saw-cutting and breaking, which will not begin before 9am. From then, these noisy works will only be carried out between 9-11am, 12-2pm, and 2-5pm.
