Dear Neighbour,

Re: Lift installation – tower crane – extended weekend working hours 16th/17th Jan

Please be informed we have received permission from Westminster City Council for extended weekend working hours to carry out the installation of a lift to our tower crane.

As with TC erections, we must carry these works out over the weekend as it is a high-risk operation that requires large exclusion zone with minimal people on site.

In terms of noise, the tower crane, which is run off the mains power, will be used to install the lift, and our operatives will use battery-powered wrenches to fix the lift to the crane.
