

THE WHITELEY DEVELOPMENT

INFORMATION NOTICE 145

Dear Neighbour,

Re: Overnight Pumping 13th & 14th July.

Please be informed that as a result of the extreme weather conditions experienced in the Bayswater area yesterday, The Whiteley Development has sustained severe flooding to the basement levels. In order to rectify the situation, we have had to implement a continuous pumping regime to remove the flood water and have received permission from Westminster City Council to pump overnight on the 13th and 14th July 2021. It is imperative that the flood water is removed as quickly as possible, as it currently poses a health and safety risk to all operatives on site.

We have procured "super silent" mobile pumps to minimise any potential noise impact and have located them within the basement areas. We would like to thank you in advance for your patience and support in this matter.

If you have any questions regarding this information, please contact Ashley Wright, site community manager – 07385 402432.

If you have any other questions, please email whiteleyscommunity@laingorourke.com. Your query will be responded to within 48 hours.

Kind regards,
The Laing O'Rourke team
