## INFORMATION NOTICE 173

---

Dear Neighbour,

**Re: Pile Cap Pour, No.4 – Thursday 30<sup>th</sup> September 2021 - Update.**

Further to our Information Notice 172, the out of normal working hours element of tomorrow's pile cap pour will now necessitate the use of two concrete pumps. One will be located down at basement level 1 and the other at ground level, within the site boundary at the north east corner of site, close to the Redan Place barrier.

The associated concrete vehicles will be driven onto site and in order to dampen the effects of the pumping noise, the ground floor machine will be wrapped in an acoustic blanket.
