INFORMATION NOTICE 255

Dear Neighbour,

Re: Large early deliveries – W/C 23rd May 2022 & Large Concrete Pour 25th May

Please be informed that next week we have early deliveries planned every day. Between one and four vehicles will arrive each morning at approximately 06:45-07:00hrs and will be directed into the pit lane along Queensway. As outlined in previous notices, our large abnormal deliveries are required by the Metropolitan Police to be off the road network by 07.00hrs in the morning.

Also, on Wednesday 25th May 2022, we have a large extended concrete pour planned. As previously advised, when concrete areas are poured it is imperative that the process is completed in one session, otherwise the integrity of the final structure could be compromised. Due to the size of the operation and associated large volume of concrete required, Westminster City Council have agreed to extend the working hours to 07.00-20.00hrs.

Outside of normal working hours the process will be limited to Pump 2 – which is located at ground level in the northeast corner of site (between 7am – 8am & 18:00-20:00hrs), however we will aim to cease using this pump, as soon as is practically possible.
